

# **DOTRIX™** *Dot Matrix Cover ...* *...means beautifully clean installations!*

**DOTRIX™** Dot Matrix covers and patterns are custom fit to conform to problem areas. Using our exclusive **DOTRIX™** material you can cut and fit beautiful Dot Matrix covers that match up perfectly with our window film patterns. You'll save time with less heat shrinking. A beautiful, seamless and blacked-out dot matrix area will give you the perfect installation every time.

Application is simple and easy. Unlike window films, the pressure-sensitive backing allows for easy installation without heat shrinking. The results are truly awesome!

A: **DOTRIX™** has a 7 year warranty for material

**Q: How much does it cost to do a car?**

A: Just a few dollars.

**Q: Can DOTRIX™ be removed?**

A: Yes. It can be removed quick and easy. In most cases, leaves no glue behind.

**Q: Can I apply heat to it?**

A: Not recommended. However when necessary, use minimal heat.

**Q: Can I see thru DOTRIX™ after it's applied?**

A: No. Do to the location of **DOTRIX™** on upper part of glass it does not hinder vision while driving.

**Q: Can I make my own patterns?**

A: Yes. Making your own pattern is as quick and easy as cutting out a front windshield strip / visor.

# **DOTRIX™** *Dot Matrix Cover ...* *...means beautifully clean installations!*

**Q: What sizes does DOTRIX™ come in?**

A: 16 inch

**Q: What do I need to install DOTRIX™?**

A: Use 3oz. Of **Film On** in a 32oz. Bottle and a Yellow Turbo Squeegee.

**Q: Can I use my existing mounting solution to apply DOTRIX™?**

A: Yes. However you'll find it much easier using a higher soap mixture.

**Q: How do I make a pattern?**

A: Simply cover the dot matrix area with a scrap piece of film and cut all 4 sides, place on top of DOTRIX™ material and trace. It's that simple.

**Q: Do I use DOTRIX™ x on FRIT LINES?**

A: Absolutely. DOTRIX™ patterns are designed for "Dot Matrix" and "Frit Lines"

**Q: Can I use a smaller size roll of tint on cars using DOTRIX™?**

A: Yes. Using DOTRIX™ on rear windows saves you on film costs. 30" roll size can be used on most rear windows when DOTRIX™ is installed.

**Q: Can I charge more for cars when DOTRIX™ is installed?**

A: We recommend \$20 to \$45 up charge for installing DOTRIX™

**Q: Does it save time on tinting a car? Or does it take longer?**

A: Typically it saves time because you only have to Heat Form 75% of the window & NO time spent on trying to get tint to stick to Dot Matrix area.

**Q: Does it make it easier to Heat Form rear windows that require DOTRIX™ application?**

A: Absolutely! Most tinters find it extremely easy to heat form Tough rear windows in one piece that would have otherwise been done in a 2 piece method.

**Q: Does DOTRIX™ interfere with GPS, Navigation or Radio frequency?**

A: NO. In most cases you may install a metalized film in conjunction with DOTRIX™ and have NO problems with interference.

**Q: I use a glue stick method, does the DOTRIX™ really work better?**

A: Yes. We believe that DOTRIX™ is the greatest thing since the "Cell Phone". DOTRIX™ isn't used under the film and will not void factory warranties.
