

New Products

The logo for G.D.I. Tools features the letters "G.D.I." in a large, dark blue, serif font. Below "G.D.I.", the word "Tools" is written in a red, cursive script font. A registered trademark symbol (®) is located to the right of the word "Tools".

- GT2083 - Fusion Turbo Pro 3 1/2"
- GT2083-4 BLACK- Fusion Black Turbo Pro 4" (This one is only available in Black)
- GT2084 - Fusion Turbo Pro 3 1/2" with Small White Handle
- GT2085 - Fusion Turbo Pro 3 1/2" with Large Gray Handle
- GT2086 - Fusion Turbo Pro 5 1/2"
- GT2087 - Fusion Black Pro 5 1/2" with Small White Handle
- GT2088 - Fusion Turbo Pro 5 1/2" with Large Gray Handle
- GT2089 - Fusion Turbo Pro 8"
- GT2090 - 8" Fusion with Small White Handle
- GT2091 - 8" Fusion Turbo Pro with Large Gray Handle

82 durometer. Recommended for paint protection films and films with a softer hard coat.

95 durometer. Super hard, recommended for thick vinyl applications and window films.

85 durometer. Recommended for vinyl applications and areas that require more pressure.

77 durometer. Super soft, recommended for paint protection films and cleaning.

92 durometer. (Same durometer as Orange Crush) Recommended for most window films and vinyl applications.

80 durometer. Recommended for paint protection films and films with a softer hard coat.

SS-INSTALLER - SOAK SHIELD INSTALLER SET
SS-XL - SOAK SHIELD ROPE-XL
SS-OG - SOAK SHIELD ROPE-ORIGINAL
SS-MINI - SOAK SHIELD ROPE-MINI

The window tinting industry's first and only absorbent rope braid used for absorbing water running down behind the dash of a vehicle while installing film. Helping to protect the electronics and other parts from water damage. This braided absorbent rope is tucked between the bottom of the windshield and the dashboard to stop and soak up the water running down behind the dash and causing issues with electronics.

GT260 - 5" YELLOW FLAT OUT BLADE
GT261 - 8" YELLOW FLAT OUT BLADE
GT2092 - PPF HORNET 4" PADDLE SQUEEGEE

The Yellow Flat Out Squeegees are available in both 5" and 8" length. Slightly harder than the Orange Crush and comparable in hardness to the Blue Max products they work great in flat glass and security applications. For best results try in Fusion Handle, Fusion Stretch series, and Thor's Hammer.

The Fusion PPF Hornet is the latest in Paint Protection Film installation tools. This triple durometer paddle squeegee offers the handler two durometers to install with. The black install side measures in at a firm but flexible 80 durometer and the yellow side at a softer more pliable 70 durometer. The red "spine" between the two layers acts as a rigid support core for the soft squeegee blades on both sides. Switching between the two install surfaces is as easy as flipping the tool in-hand to the desired working edge. The Fusion PPF Hornet is specifically engineered to be safe for installing paint protection films.

WES - WET EDGE SQUEEGEE

Wrap your vehicles faster and better. The only squeegee applicator made to use wet. No scratches, no marks, just smooth motions that easily glides across vinyl films and painted surfaces without worry of mistakes or damage. The Wet Edge Squeegee is a Teflon squeegee with a unique microfiber bonded to it. Can be used either wet or dry. This is the top of the line applicator in the business. Colors will vary.

GT178 - THE REACH TOOL

The Reach allows you to squeegee water from the bottom of the back window or windshield with ease. This tool is 16 3/4 inches in length, and built with a special formulated plastic and rubber in order to achieve the necessary stiffness and durability of its four edges. One side of the tool provides an excellent grip, while the other side uses both edges to squeegee the water out; one pushes the water and the other drags the water. This tool is completely adaptable with two different radiuses of curvature at each side; in other words, one side is stiffer than the other.

WG1 - WRAP GLOVE

The new vehicle wrap glove is sold in pairs and is a must have for anyone installing vinyl graphics and vehicle wraps. Installing with your bare hands can cause over stretching and puckering of the vinyl as well as potential damage from the transfer of oils on your skin. These lint free and durable Wrap Gloves reduce friction while handling the material to give you great results every time.

GT2081B - SMOOTH-IT W/BLACK MAT

Smooth-IT is designed to effectively and evenly smooth out the edge of most tools used for film installation. It works great on plastic and rubber tools. The black mat is a medium fabric that works best and faster on big or deep scratches in the tool's edge. Replacement mats can be purchased as part GT2082B.

GT2081G - SMOOTH-IT W/GRAY MAT

This tool is designed to effectively and evenly smooth out the edge of most tools used for film installation. It works great on plastic and rubber tools. The grey mat is a fine fabric that is ideal for removing small or light scratches from the tool. Replacement mats can be purchased as part GT2082G.

GT2082B - BLACK REPLACEMENT MAT GT2082G - GRAY REPLACEMENT MAT

GT2082B - Black 600D is a Medium fabric that works best and faster on big or deep scratches.

GT2082G - Gray 1000D is a fine fabric, ideal for removing small or light scratches in the tool.

GT2057D - DUAL DENSITY GO DOCTOR BLADE

Replacement blade for any Go Doctor Handle. Get two blades for the price of one. The Dual Density blade is double sided and reversible. 85A RED, 95A BLUE

GT2013U - TINT SLIME ULTRA-GALLON

Tint Slime Ultra is a higher rated slip designed to function in high heat and high humidity installs. Tint Slime Ultra is not designed to perform as well as regular Tint Slime in climate controlled areas.

GT2093 - FUSION ALL TYPE- GALLON

GT2094 - FUSION ALL TYPE- 1/2 QUART

Clear, clean mounting solution with no unnecessary ingredients. Fusion All Type is safe for use on all films and all adhesives. Use on any Window Film, PPF, & Vinyl. Get more for your money with our conservative mixing ratios and easy to use built-in measuring cup (1/2 QT bottle) and dispensing pump on (1 gallon jug).

GT939 - PINK CLEAN 5" CROPPED

Pink Clean is a 5" Cropped squeegee blade. Pink Clean is the softest blade from Fusion Tint Tools. This blade is specifically designed with cleaning in mind. It is recommended to use the Pink Clean squeegee blade to easily swipe liquids away with minimal pressure applied by the user.

GT026N - A-553P INJECTOR CART. KNIFE

The NT injector cartridge knife is now coming with a 30 degree blade.

GT037-FUSION HANDEE TOOL

The Fusion Hand Dee Tool is a MAGNETIC handle that can accommodate any 5"x2" squeegee. Equipped with a removable "jaw" and a rounded grip to fit perfectly in your hand. Use with any 5" squeegee.

*Orange Crush Squeegee Blade sold separately.

GT057 - 5" FUSION STRETCH HANDLE GT058 - 8" FUSION STRETCH HANDLE

The 5" OR 8" Fusion Stretch handle is the latest design for installing flat glass and security films. This handle features a 14 ½" metal extension and two rubber grip sections for maximum water removal.

GT252 - 6" EXTRUDER CHANNEL GT253 - 8" EXTRUDER CHANNEL

This new channel works in your existing Unger handles, but it is fully designed to give the blue squeegee blade added stiffness and a better angle to aid in laying down the film and extracting more water per squeegee pass.

The Extruder comes with an integrated lip that the Unger handle jaw slides into making a positive connection between handle and channel/blade combo. The channel also extends further onto the surface of the blue squeegee which adds stiffness to the blade. Finally, the channel clamps into the handle in such a way that places the blade at a slightly better angle to the handle for better extraction capabilities.

Extruder Channel with blade and handle

GT050A - UNGER (SCREW) HANDLE

A modified Unger handle that has proven results for maximum water extraction. For flat glass applications use with the new Extruder channels (GT252 & GT253). This handle also works excellent with the Super Clear Max, Blue Max and Orange Crush Squeegees.

GT2063 - TRI-EDGE X

Tri-Edge is now premiering the Tri-Edge X. The angles have been recalculated and extended into a bigger tool. All the durability and quality of the Tri-Edge tool is now made to make those deep gaskets and hard to reach spots more accessible.

GT2021 - Slip Tape 3/4" X 12 YD GT2021-4 - Slip Tape 3/4" X 4 YD

Slip Tape is the ultimate product for making your application squeegees smoothly and safely glide across window film, paint protection, and car wrap and vinyl graphic applications. No more tearing or scratching the material you are working with. Slip Tape comes in two sizes. 3/4" x 12 yard roll (GT2021) or 3/4" x 4 yard roll (GT2021-4).

GT235S - 5.5" SOFT YELLOW TURBO W/HANDLE

A soft installation squeegee used to remove application solution during installation of all auto and paint protection films. (Original)

GT119B - 4" BLACK SMOOTHIE NO HANDLE

4" soft black squeegee. (Original)

GT1038 - GILMORE NOZZLE

GT1038-HG - GILMORE NOZZLE & HOSE ASSEMBLY

GT1038 - Brass tip Gilmore nozzle. Use with flex line hose.

GT1038-HG - 15' flex line hose and Gilmore nozzle assembly for 5 Gallon Stainless Steel Sprayer.

GT060 - EZ WING LIME

The first thing that differentiates the EZ Wing from products like the EZ Reach or EZ Reach Ultra is the unique chizler tip that enables you to flip it over to chisel out those stubborn creases or dust spots. The second feature of the new EZ Wing is the increased stiffness across the nose of the tool. This will allow you to apply more pressure out at the tip in those situation where you are reaching into a tight spot. The last, and most exciting, new feature of the EZ Wing is the integration of Control Contour Technology (CCT). This technology is found in the slightly curved main edge of the EZ Wing. The curved edge is designed to enable the tool to encourage a finger or bubble to disperse outward, which reduces the likelihood of a crease.

GT060PEACH - EZ WING PEACH GT086PEACH - PEACH HARD CARD GT201PEACH - PEACH CONTOUR

GDI Tools is now stocking the new PEACH line from Pro Tools Now. Pro Tools Now has developed a proprietary blend of polymers that make this new peach line of tools glide across film in a way previously impossible. In addition, each tool in the peach line comes with hand polished edges to assure you have the smoothest installation edge possible. The peach line is available as Hard Card, Contour and EZ Wing.

GT1085 - MANGO PRO PACK WITH FELTS

Includes Mango Smart Card with Felt, Mango Rebel with Felt, Mango Little Foot with Felt, Mango Bump Card with Felt. The felt edge makes these the perfect tool for paint protection, vinyl signs and graphics.

GT2072 - SPEED WING LIME
GT2076 - SPEED WING LEMON
GT2077 - SPEED WING CHERRY

All 3 colors available in 4", 6", or 8"
LIME-HARD, LEMON- FLEX-FIRM, CHERRY-SOFT

The Speed Wing is designed with "wings" to enable the installer to reach areas typically out of the reach of most bump, bondo, teflon and hard cards. The Speed Wing comes with one flat edge and one curved edge. Speed Wing is made from materials that enable it to slide across most film surfaces easily while maintaining its rigidity to lay the material flat and remove moisture or air trapped underneath.

GT2096-4 - 4" LEMON SUEDE BLADE (Flex-Firm)
GT2097-4 - 4" CHERRY SUEDE BLADE (Soft)
GT2098-4 - 4" LIME SUEDE BLADE (Hard)
GT2099 - 4" SUEDE BLADE REPLACEMENT STRIP

Evolved from the success of the Speed Wing family the new Suede Blade has quickly answered a lot of challenges for installers. The Suede Blade comes with a dual layer fabric that gives installers a cushioned, smooth fabric over the edge of the squeegee. The Suede Blade glides over window tint, paint protection film and vinyl graphics/wraps with ease. With three different durometers the Suede Blade will meet all your application needs.
MADE IN THE USA

GT2009 - TINT OFF - GALLON

GT2010 - TINT OFF- QUART

Ready to use and specially formulated for the window film industry to make tint removal a snap.

MOLD11 - 11 PC MOLDING & TRIM REMOVAL TOOLS

MOLD5 - 5 PC MOLDING & TRIM REMOVAL TOOLS

Distinctive tools for the easy removal of body fasteners, interior trim pieces, exterior body moldings, wheel hub caps, etc. Made from heavy-duty plastic to prevent scratching and damage to vehicle surfaces.

SQBUFF4 - 4" BUFFER SQUEEGEE

These pre-cut buffers fit any standard 4" squeegee. They are far superior to standard felt strips and will help prevent scratches to the wrap material during installation. Give your hard plastic squeegees a soft and smooth side with the Squeegee Buffer Strip. Note: This buffer comes with a self-adhesive back that should stick to any flat squeegee surface. So you are not confused by the picture of multiple buffers, these buffers come in unit quantity of 1 buffer per quantity ordered. If you need 5 buffers, as shown, you need to order a quantity of 5.

SC50/SC2 - SOOPER CLIP

Faster and easier than tape or rubber bands. These brightly colored Sooper Clips are designed for efficiency.

Keeps vinyl and print media properly wound.
Simple on/off design with finger hole pull design.
No more replacing tape or damaging vinyl roll edges.
2 sizes for both 10 and 50 yard rolls.
Durable plastic design for longest life and ease of use.
Doesn't scratch or leave marks on your delicate rolls.
Sold as a 50 pack (SC50) or a 2 pack (SC2).

50 pack; 25 large and 25 small (SC50).

2 pack; 1 large and 1 small (SC2).

WCKNIFE - WRAP CUT LINER KNIFE

The ultimate Vehicle Wrap knife! The Wrap Cut Knife by Image One Impact is made specifically to cut through just the liner side of any pressure sensitive vinyl graphic and wrap film. This knife will only cut through the paper release liner of the vinyl, so there is no more risk of damaging your film or adhesive or cutting through the film side of your vinyl while on its backing paper. This knife will leave no marks or cut lines in the film when used properly. Don't be fooled by look-alike imitators, The Wrap Cut Knife by Image One Impact is made with a solid steel shaft with a special Teflon coating on the bottom surface to protect the vinyl and adhesive. This Teflon coating allows the knife to slide across the adhesive side of the vinyl, giving you a clean and easy cut through the release liner. Use while film is on the vehicle, boat, etc. or while on the cutting table inside the shop. This knife works anywhere and is compatible with most adhesive types and all brands of pressure sensitive vinyls and release liners.

WCBLADE - REPL BLADE FOR WCKNIFE

This is the replacement blade for the Wrap Cut Knife, WCKNIFE. Each blades has 4 available cutting edges. 10 blades per pack.

XMH - XTREME MANGET XMH6 - XTREME MANGET (SIX PACK)

These handy body magnets make applying vinyl and vehicle wraps faster and easier by acting as another hand to hold the material. You can also use them in the place of masking tape or pre-mask to position the material on the vehicle. Xtreme Magz are 1 5/8" in diameter and come with the magnet completely covered with a super-soft rubber coating to eliminate any damage to the vehicle, graphics or sign substrates. (XMH6 IS A SIX PACK)

GT087SQ - PVC SQUEEGEE-SQUARE EDGE

4" Lidco squeegee. Square corners.

GT087FT - PVC SQUEEGEE- YELLOW- FLAT

4" Lidco squeegee, no ridges. Rounded corners.
