BANNER TRAK - PARTS

Doing large jobs or a unique banner application?

Pick -N- Choose your parts below to build almost any application you can think of.

4' Banner Trak Rail

Use multiple traks to build any size indoor or outdoor banner you need.

BT1001

Connector

Great for connecting Banner Trak rails together to build your custom size.

BT1002

Stainless Steel Pins

Use these pins to directly connect 2 48" or 24" Banner Traks together.

SSPIN

Slider w/thumbscrew

Slide them anywhere on the trak to align with your banners grommet

BT1003

Slatwall Kit

Use these Slatwall clips with Banner Trak to easily attach to slatwall.

BT1004

End Caps

Use these end caps on Banner Trak rails for a finished appearance.

BT1005

Universal Mount Kit

Use these clamps for installing your Banner Trak onto poles.

BT1006

T-Bar Ceiling Hooks

The perfect solution to all those drop down ceiling installations.

(10 sets) **BT1008**

6" Hang Rods

Use these hang rods whenever you are doing a ceiling or drop down installation.

(50 Pk) **BT1009**

90° Super Brackets

Use these super strong 90 degree angles with Banner Trak or other sign mounting applications to hang your projects on shelves, posts or walls.

BT1010

Multi Media Clip

Use these super strong multi-media clips with Banner Trak sliders & thumbscrews or other sign mounting applications to hang your projects.

BT1011

Xtender

Use this easy connector to extend your Banner Trak to as long as you need.

BT1012

24" Connector

Use this extender to attach to the 4 foot rails to even out your lengths or add that last 2 feet as needed.

BT1013

12" Hang Rods

Use these hang rods whenever you are doing a ceiling or drop down installation.

(50 Pk) **BT1014**

Linklip Chainlink Fence Mount w/Bolt

SLK3000
(100 Pk) **SLK3000B**

- 500 #2 Grommets (GRM2SPB)

MDMP2C

No electricity needed. This economically priced pneumatic grommet press works with your air compressor making it easy to use and easy to take out on job sites, move all around your shop or even mount in your installer's truck. Our Econo-Air is a powerful compact press capable of punching a hole in a wide range of sign materials including multiple layers of banner media (going through folded banner and reinforcement webbing at one time) placing a grommet with washer in a single step. It's as easy to use as stepping on the included foot pedal. Operates at 145psi.

Includes: air regulator, air filter, #2 die for metal grommets. (Air compressor and grommets not included.)

- Hands-free foot pedal activation
- Adjustable pneumatic pressure level
- Completely assembled. Comes as shown in the photo.
- Suitable for applications on various materials. Vinyl, banner, corrugated plastic, other plastics, fabrics, poster board and more.
- Interchangeable dies. Comes with #2 metal die. All other sizes available for additional cost.
- Economical and easy to use!

The Benefits of a "WetEdge" Squeegee:

- True Professionals use the Wet Edge!
- Teflon edge glides and cuts across media easier than the standard squeegee.
- By applying water to the Wet Edge side, it allows squeegee to glide over media without scratching laminate. It also reduces friction.

As Recommended By  **AVERY DENNISON**

MOBILE WRAP LIFT

Get to all those hard-to-wrap places without breaking your back!

The ImageOne Impact portable mid-rise lift is a great way to increase the productivity in a shop. It's like having a service bay anywhere, indoors or out. The motor is conveniently mounted to a heavy-duty tow dolly, making it easy to move and operate on almost any solid surface.

Maximum Capacity	6,000 lbs
Overall Width	39-1/2"
Overall Length	7' - 10"
Min Lowered Height	5-1/2"
Max Raised Height	53-1/4"
Maximum Lifting Height	56-5/16" (with adapter)
Lift Time	45 seconds
Power Requirement	110v AC - 60 Hz, 1 Ph 20A
Shipping Weight	930 lbs

KEY FEATURES:

- Heavy duty tow dolly provides flexibility to service vehicles anywhere in your shop
- 7 locking positions allow technician to work at an ergonomic height to increase productivity and minimize fatigue
- Electric motor mounted on tow dolly provides convenience and ease of maneuverability
- Single push button power unit with release valve provides convenience while lifting and lowering vehicle
- Slip-on rubber pad adapter kit with height extension accommodates high profile and lifted vehicles
- Sliding/rotating arm design accommodates meeting pick up points on a full range of vehicles

LOW COST MEDIA HANDLING GLOVES

When handling print media and substrates, taking time with the extra special precautions ensure your precious memories are protected and preserved.

(1 pair)

SUG

MGLOVE
MEDIUM

MGLOVEXL
XLARGE

The WrapGlove is specifically made for the Wrap/Decal applicators.

- A unique blend of fibers that has taken years to develop
- They don't shed—no lint or fibers on your adhesive
- They don't transfer your skin's oils
- They can be used to handle the adhesive side of digital and wrap films
- Reduce/remove friction when hand cutting vinyl

All of these improvements make the WrapGlove "Black" the application glove of choice to the Wrap Industry.

Faster, easier wraps and digital media work, guaranteed!
